CURRICULUM AND ASSESSMENT MAPPING

Guidance notes on completing the templates

Purpose of the templates

Proposers for new and amended programmes are asked to complete and submit the University's Curriculum and Ass [f82p6Ei/m8 h] -1iafSpa22 0 Td (4 (p6ng(n)-4 (d)6T(u)-4 (79Tw)

Amendments to programmes and modules

Amendments to programmes and modules may impact on PLOs and the assessment strategy for the programme Both mapping documents hould therefore be used in reviewing proposed changes and ampendments made to the napping information as appropriate. Where a propostals to be approved by the faculty teaching committee, the mapping documents hould be submitted alongside the CAIT propostalis will enable the faculty teaching committee to ee if anchow the changes impact holistically on the programme

Programme monitoring and review

Departments may find the mapping documents seful for reference in their monitoring and review of modules and programme examiners will also find the to be useful reference documents i evaluating the programme's curriculum and assessment.

Student information

It may be helpful to include the mapping documents in the epartment's student information, so students are able to see clearly how their programme of study fits together, how it is assessed overall and which modules made condonable
